JASKEY LIMITED

SMART AUDIO GLASSES

HEP-0154

BLUETOOTH GLASSES

Replaceable lenses

Open-ear audio

Built-in call microphone

Bluetooth pairing

Stereo surround

IP65 waterproof&dustproof

Replaceable lenses

Combining music, phone call and glasses, it's easy

Directional audio transmission technology | Support voice calls
Anti-ultraviolet and anti-blue lens | Bluetooth 5.0 chip

Micphone inside | Enjoy music | Driving navigation | play games

Remain free, Have fun in a private music world

Directional music transmission , Sounds into the ear, From now on
No need to put the earphones in your ear

Precision technology at the cutting edge of fashion

The glasses integrate smart touch in the precise design of the appearance, and contains multiple functions in the temple. Easy operation mode, Intelligent and convenient ,supporting Level IP65 dust-proof and water-proof performance. Science and fashion make your wearing experience pleasing to the eyes and ears.

Power on/off
Long press button on both side

Phone call
Short press :Answer the call
Doubel press: Refuse the call

Play music
Short press : Play/Pause music
Double press: Skip forward

Voice assistant
Long press button for 2 seconds

Multidimensional optimization
Greater smoothness of phone audio

Build a bluetooth audio eyeglasses,upgrading from front-line chips, headsets to loudspeakers, to ensure effective reduction of noise in phone calls and restoration of fidelity.

Professional level water and sweat resistance

Have the water resistance property with the precise technology,reach IP65 level,prevent living water or sweat from splashing and soaking temporarily.

Blue light hurt everywhere

Blue light is in your cellphones、TV、computer screens and LED among other light sources of electronic equipment,and long-term use of it will cause swelling dryness and fatigue disrupts you biological clock,affect your sleep and even triggers various diseases.

sunlight TV phone computer LED lamp

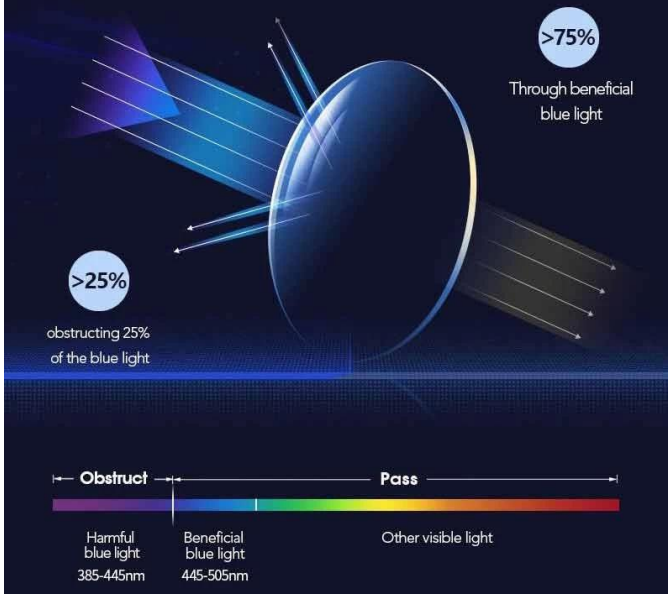
Obstruct and prevent blue light protecting the eyes at all times

Lens with coating film can effectively obstruct up to 25% short-wave blue light,marking the color presentation more real.



Abundant power
More ling-lasting endurance

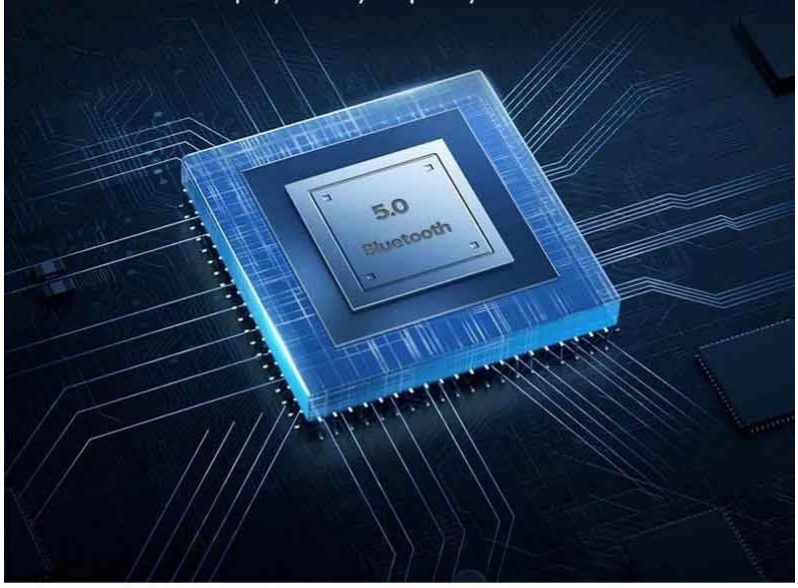
In-built large-capacity dual batteries(110mAHx2),220mAH. enduring for around 7 days with only 2 hours charging.

7D	6H	4H	2H
Of appointed continuous standby	Of appointed continuous phone call	Of appointed continuous play of music	Of appointed charging

Upgraded Bluetooth Chips
Faster and steadier

Adopt advanced Bluetooth plans with steady performance and strong compatibility, and powerful functions, bringing you clear voice during phone calls.

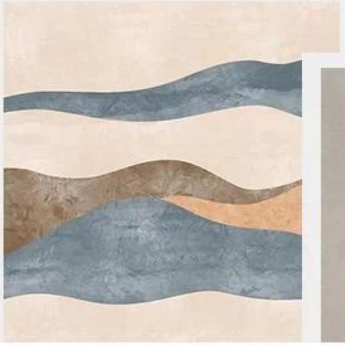
Excellent sound quality | Steady compatibility | Stable connection



Multiple-scenario adaptation

Design concept

SMART GLASSES



Simple and smooth
line composition
With exquisite metal fram

Ingenious details

Excellent ergonomics

High performance PC material,
lighter and stronger

MORE COMFORTABLE TO WEAR

Silicone nose support for comfortable fit educe indentation

Classic fashion

Classic fashion design more adaptable

Product Parameters

Model of product Smart eyewear

Materials of temple PC

Color of temple Black

Aterials of frmae Acetate + Stainless steel

Materials of lens PC Anti-blue lenses

Weight 39.9g

Product Fuctions Bluetooth Audio /Voice Call/Anti-blue light /Anti-UVAB/UV400

Applicable occasions Game playing/traveling shopping /fishing

Applicable populations Men and Women

Note: The sizes are all measured by hand,and errors between 1~3mm are normal.
