Potential customers are checking out and listening to online reviews before they purchase products and services.
It is essential to have a system that encourages and simplifies the process for your customers to write online reviews.
The 4 & 5 Star Reviews from you your existing customers will act as a referral to send new customers to your business
before they contact your competitors!
STAINMASTER

Reviews from your online customers build your online reputation.
Promoting your good online reviews create 'real' referrals.
Those referrals send new potential customers to you,
before
those potential customers go to your competitors.
