Multi-function can DIY video Booklets

Fiona Hudson-Kelly is the founder and CEO of Smart Assessor, the most innovative online assessment and learning platform for students and 100 colleges and training providers, serving over 120,000 learners. The system eliminates paperwork and ensures colleges are audit ready every day.

After founding the company in 2011, Fiona built it up from zero to a £2m business and has many more ambitious business awards, including the 2013 Year Award and 2016 Best Business Outstanding Female Entrepreneur Award.

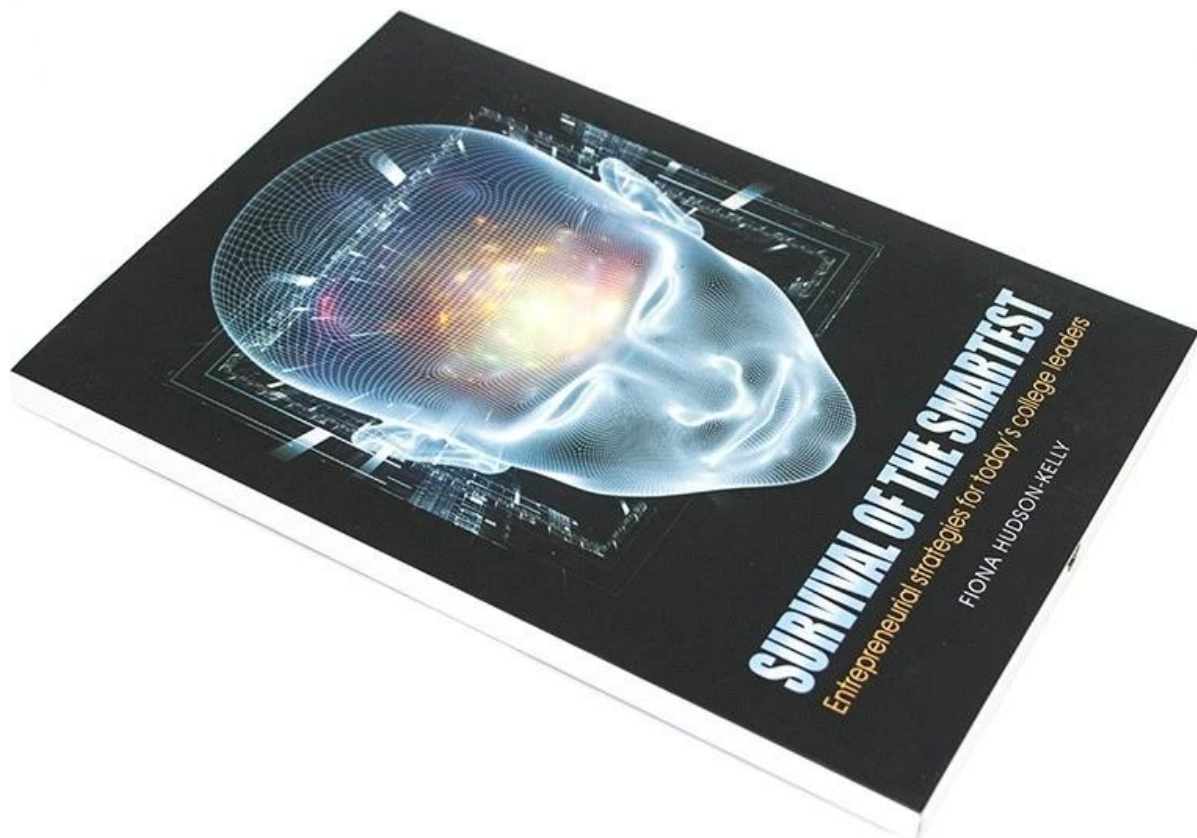

Now she's turning her hand to helping college leaders survive the changes posed by all the recent changes to further education. To online Smart Leaders Club for college leaders who value peer support in an entrepreneurial, in which you'll find regular virtual events and a ready-made community of senior further education professionals who'll value your contribution and be willing to offer advice and support.

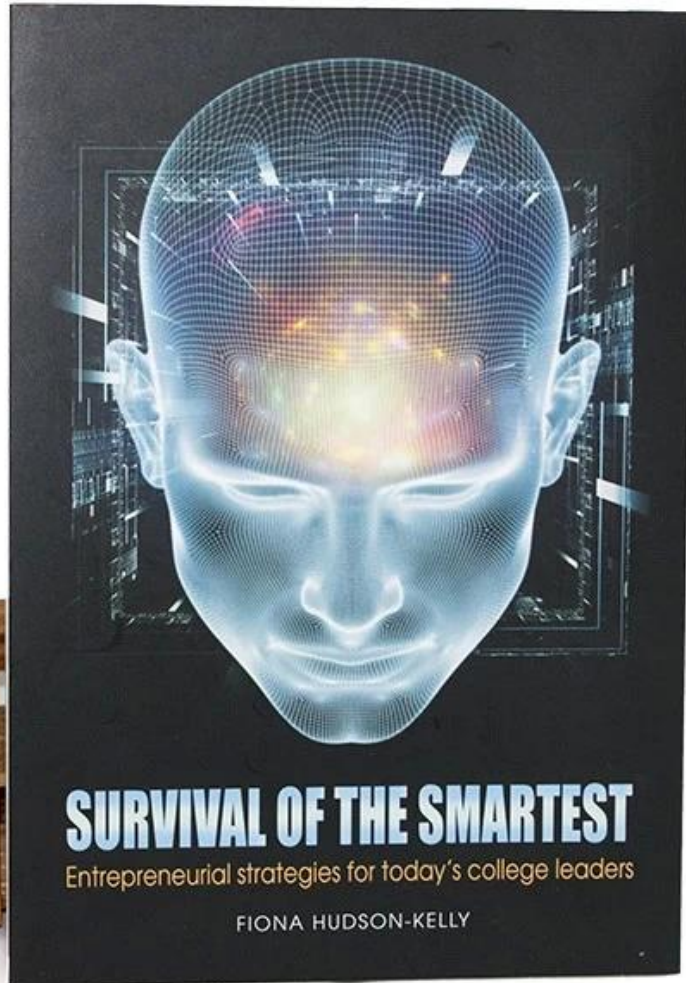

To find out more about the Smart Leaders Networking Club visit www.smartassessor.com. You're also welcome to get in touch with Fiona for a chat about how technology can help your college survive and thrive in the new economy. Just go to www.smartassessor.com.
