Product Highlights

Multifunction Charger

Materials: ABS plastic

Functions: Support iPhone/Micro/Type-C

Wattage: 10W

Input :5V /2A

Output :5V /1A

Frequency response:100HZ-205KHZ

Conversion rate:73%

Charging port: Micro USB

Product size:6*7.5CM

Stand-alone flash charge It doesn't affect each other

Technology makes life easier, Charging New Upgrade

Apple interface

Type-Interface

Micro Interface

Match a variety of products

It's quick and easy

It doesn't affect each other

Type-Interface

Micro Interface

Apple interface

Type-C Interface input

Constant and steady power supply,At the same time to ensure that the appearance of fashion simplicity

It's not just a car charger It's also a desktop stand

Life Entertainment/Charging Both
