

Crafted from durable ABS plastic, this compact speaker (8.88.212.9CM) combines portability with versatility. It features Bluetooth 5.1 for stable 10M wireless connections, plus USB/TF card slots for flexible playback. The integrated RGB lights elevate your music experience, perfect for parties or outdoor gatherings.

With an 800mAh battery, it charges via Type-c in 2-3 hours and plays for 3-4 hours. Its 5W speaker, boasting a 120HZ-20KHZ frequency range and $\geq 80\text{db}$ SNR, delivers crisp, clear sound. The hands-free call function makes answering calls a breeze. Ideal for on-the-go audio enjoyment.
