

Introducing the Portable LED Mini Speaker, a perfect blend of style and functionality. Crafted from durable ABS plastic, this compact speaker is designed for on-the-go music lovers. With advanced Bluetooth version 5.3, it offers a seamless wireless connection within a range of 10 meters, allowing you to enjoy your favorite tunes without the hassle of wires.

This versatile speaker not only delivers high-quality sound with a powerful 5W output but also features vibrant RGB lights that enhance your listening experience, creating a lively atmosphere for any occasion. The hands-free call function ensures you can take calls effortlessly while enjoying your music.

Equipped with an 800mAh battery, the speaker provides an impressive playtime of 3-4 hours on a single charge, which takes only 2-3 hours via the convenient Type-C charging port. Its IPX5 waterproof rating means you can take it to the beach, pool, or any outdoor adventure without worry.

With a compact size of $\phi 7 \times 15.2$ CM and a signal-to-noise ratio of ≥ 80 dB, the Portable LED Mini Speaker is not just a speaker; it's a portable party companion that fits easily into your bag. Elevate your audio experience and light up your gatherings with this stylish and functional mini speaker!
